47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a Sonic customer in San Francisco and I am asking you to maintain competition for ISPs in SF and beyond. Sonic is far and away a better solution for my family than any of the mega corporations. Their service is fast. An actual human answers the phone on one ring and helps me with technical problems and they aim to serve.

Comcast/ATT and the other mega corporations don't care about their customers. They treat us soooo poorly. One time I tried to cancel my comcast internet a few years ago and after waiting for one hour on hold, they patched me together with another man who was also trying to cancel his comcast. We just sat on the phone swearing at comcast and cursing them as a company before we had to hang up and try again.

I beg you to maintain competition so the American people can be better served by their companies.

Thank you for your consideration.
